Community Engagement & Reassurance

PC Camus continues to liaise with schools and CCs directly in order to promote safer travel to school.

A recent survey shows that people are still not abiding by the 20mph flashing speed signage outside schools, where present. In one case a vehicle was captured at 53mph whilst the signage was active.

Local staff are now being trained in the use of speed detection equipment to assist with carrying out patrols on roads where vulnerable road users are, both young and elderly specifically. Residents are encouraged to contact Police on 101 or the email below to report any areas where patrols can assist.
