Community Engagement & Reassurance:

Travelling in Severe Winter

Tune in to the Met Office information and Traffic Scotland for public transport announcements (08000281414) – Tell someone your destination, route and timings, allow extra time, fully charge your mobile and take a charger, pack food and equipment, think about winter tyres, First Aid kit, battery jump leads, torch, GPS, space blanket, reflective warning signs, ice scraper, shovel for snow, warm clothes, boots, warm drink in a flask – the list could be endless.

Community Support

Identify key neighbours or family who may require assistance, have their contact numbers to hand, offer to collect groceries or other essential tasks, help clear their icy / snow covered paths.

Garden Security

Fencing – Vertical fencing is hard to climb, Low height to the front, Higher (6' 1.8M) to the rear

Lighting – Solar powered lighting saves on costs and make sure external lighting doesn't annoy your neighbours

Sheds – Require a good lock, reinforced hinges, security marked high value items, battery operated alarm and secure ladders from view

Plants – Prickly shrubs under windows deter access to thieves

Gravel – Walking on gravel is noisy, use this around pathways or near windows

Drug Search Warrants

1 Drug search warrant was executed within Stonehaven with a positive detection for controlled drugs.
