The report aims to highlight emerging issues in your area, provide crime prevention advice and guidance to Community Council members and the residents you represent. Our focus is to reduce crime and disorder, help create safer communities and respond effectively to local concerns.

Community Engagement & Reassurance:

As discussed and raised at various community council meetings, more precise information has been requested as to area reports.

In the New Year, I hope to narrow it down by dividing K&M into three parts, namely Portlethen, Stonehaven and Laurencekirk, meaning it to be somewhat more personal.

The areas covered historically by the Portlethen, Stonehaven and Laurencekirk Stations will be given separate reports in order that the Community Councils of Laurencekirk area won't be receiving data pertaining to Portlethen etc.

I hope this is welcomed and, once confirmed appropriate by my Command, I will endeavour to begin for January's report.
