## Roads and Transport

- Roddy Aiken (Aberdeenshire Council) sent out bus satisfaction survey report showing an overall increase of 4% in happiness in the service being provided.

107 coastal route was withdrawn and absorbed/replaced by the 747 service. This is affecting Johnshaven and Gourdon businesses with perhaps an argument to reinstate the 107.

Taxi firm attended the last TRAK meeting and was clear it is very regulated and could do with some flexibility in order to remain competitive and competent service

It was raised that the 747 service is appreciated by the community but is also quite restrictive – no early morning buses or late evening services run to coincide with the early and late flights making it difficult for business people. Provide feedback for the 747 service to Roddy Aiken

# Catterline Braes

- Autumn maintenance to be conducted
- Surveys from GCU conducted
- North End Slope Stabilisation work completed

## Any Other Business

Kinneff Hall is a resource for both Kinneff and Catterline. CKDCC will provide support as appropriate. It is advised for Kinneff Hall group to work with KPD for funding opportunities.

Johnshaven Community Council hold a meeting once every two months with community events run between these months. This is to try to gain more interaction with the community.
