Roads and Transport

- Stagecoach change of timetables due to current COVID guideline restrictions
- Emergency road closure for 6 months due to unsafe bridge

Use myAberdeenshire app for reporting all road defects

Appears the work has been conducted and the bridge is now open once again, earlier than the 6 months stated above.

Deep and sizeable pot holes are starting to appear again throughout the area – It is recommended that the CC contact Brian Strachan at Aberdeenshire Council who is part of the Roads Team, also to copy George and Jeff as out local councillors.

Road repairs are due in the Mearns area having previously been prioritised elsewhere.

Catterline Braes

- Spring maintenance to be conducted

Investigations underway to arrange a study for coastal erosion within Catterline with a member of the community volunteering to assist with this.

Any Other Business

-

Next Meeting Tuesday 23rd February 2021
