Minutes of February Meeting

Approved: Pieter voor de Poorte

Seconded: Eeva-Kaisa Arter

QR project is progressing with designs in draft with 9 signs to be created., Project needs to spend the grant money to be completed by end of April.

# Police Report

February local report;

No report received

ACTION Duncan - chase up police report

# Community Funding and KDP

## Upper Criggie Wind Farm Fund

- Previous balance current account
  - £6,639.48
- Expenditures
  - £0
- Income
  - £0
- Updated balance
  - £6,639.48
- Further discussion on subcommittee to take place
- St. Johns Hill Wind Farm open for applications until 31<sup>st</sup> March 2024
- Advertising KDP information such as wind farm funds

Catterline Online (Facebook) to be contacted to assist in the advertising of wind farm funds that are available to the region.

# Treasurer Report

- Previous balance current account  
– £6,107.94
- Expenditures  
– £0
- Income  
– £0
- Updated balance  
– £6,107.94
- Ringfenced for QR project £2,884.20

# Planning Applications

March Planning  
Applications

## Key Application Points

- Two new applications, one of retrospective Erection of Agricultural Shed (Kinghornie Farm) and Pruning of 2 Ash Trees and 2 Sycamore Trees (Catterline Grove)

## Correspondence

- SEPA - Potential Vulnerable Areas (PVAs) are areas where significant flood risk exists now or is likely to occur in the future and are used to identify locations where a partnership approach may be required to resolve widespread and often complex flooding issues. [link](#)
- SEPA - Catterline, Kinneff and Dunnottar Community Council could really help this SEPA campaign and increase public awareness of criminal waste activity and how to spot it, by sharing this story and our asset below, and available through this [link](#), on your social media and by sharing with local community/interest groups.

## Roads and Transport

- Temporary repairs have been conducted around Catterline

Some of the Barras potholes have also been repaired.

A92 to Stonehaven slip road still has the markings – question was asked if signage would assist with the layout rather than changing it. It was mentioned from Cllr George Carr that this will be brought up in an Aberdeenshire Council meeting in the near future as there has been a number of incidents that has occurred there.

# Catterline Braes

- Tim Stephen (Kincardine & Mearns Area Manager) will visit Catterline on the 30<sup>th</sup> April and attend the CKDCC meeting.
- Rob Reglinski has written to the MSPs / MPs associated with the Catterline area, looking for their support to address our coastal defences. A number of encouraging responses have already been received, with site visits and meetings to be arranged.
- Joint community council approach to be explored with Johnshaven and Inverbervie having a similar need for coastal defences.

Inverbervie and Johnshaven have a number of erosion issues that needs to be resolved. Johnshaven Rockarmour has been very successful – this can be seen clearly where the Rockarmour stops in the village.

Meeting of the three community councils could be beneficial to help align everyone.

## Any Other Business

- Push for new members to join CKDCC

Next meeting Tuesday 30<sup>th</sup> April 2024

Possibility to consider uniting all local groups (CBAG, Harbour Trust, Community Church, Gala) as sub-committees to CKDCC. This would allow consolidation of meetings and Office Bearers along with insurance benefits.

School roles, catchments and after school clubs are all been reviewed by Aberdeenshire Council at the moment.

Aberdeenshire Council are looking at another £30M reduction in funding which was already unsustainable at it's previous level.

240l recycling bin is available if you are finding the 180l too small. This can be requested through the Waste helpline on Aberdeenshire Councils website.
